MIDDLE SCHOOL (GRADES 7-9)

Our bilingual programme in Grades 7 to 9 is tailored specifically to cover content knowledge and skills in English and German.

There is a learning sequence: students cover the subjects in English, while reinforcing concepts related to the content in German and vice versa. Hence students simultaneously acquire substantial knowledge of various topics and feel confident talking about the subject matter in either language.

PRE-DIPLOMA PROGRAMME (GRADE 10)

This grade is a preparatory phase before students enroll in Diploma programme next year. The learning process is organized in a way that allows Grade 10 students to improve their language skills, and gain a final understanding of what they are going to take for the Diploma programme in Grades 11-12.

SKIS Career Counselling Team helps students explore the potential college venues to facilitate their choice of the Diploma subjects.

SPORTS

At SKIS, we strive to create a balance between intellectual activity and physical development, providing a range of sports clubs, outdoor venues and extracurricular athletic activities.

In general, there is at least one hour of sports every day, various athletic sections, a pre-breakfast stretching routine as well as seasonal skiing trips to the nearby slope.

From October 2021 on, SKIS is an acting member of the Duke of Edinburgh framework, a UK-designed comprehensive system of extracurricular activities and sports, aimed at increasing students' confidence, resilience, and team working skills.

TRIPS AND EXCHANGES

Schloss Krumbach International School is a boarding school, yet we travel extensively, with many overnight stay trips around Europe and numerous one-day culture trips to museums, theaters, and so much more.

SKIS is all about in-depth contextual learning, and we find it vital to enable our students to actually witness the historical, cultural and social specificities they have covered in class.

Senior Leadership

Dr. Oksana Volozhanina, Head of School
Mag. Teresa Schnabl, School Principal

SKIS adheres to the highest academic quality standards through the use of our own progress tracking system, regular reports to the parents, student leadership meetings, peer-to-peer cooperation, and homework supervision time.

We also believe in a multidimensional boarding experience, entailing a balanced and harmonic development of students' intellectual, physical and creative abilities. Within this framework, we always strive to organize exciting activities both throughout the week and on the weekend.

EXTRACURRICULAR ACTIVITIES

Extracurricular activities at Schloss Krumbach International School fall into 4 categories:

- project or profession oriented
- scientific
- cultural
- athletic

Outside of school hours, students can pursue their interests in clubs that give them the opportunity to deepen their knowledge and engage in real practice.

Schloss Krumbach International School provides more than just education in the main subjects. It enables its graduates to navigate their future as informed and brilliantly educated young individuals, surrounded by international friends, within a castle-community that truly cares.
